WIFE OF CAPTAIN TO LIVE NEAR PRISON

CAPTAIN HENKES AND FAMILY

Captain David Henkes, who was brought back from France, court-martialed for disloyalty and sentenced to serve twenty-five years at Fort Leavenworth, Kan., military prison, is shown here with his nine-year-old daughter, Frances, and his wife, Mrs. Henkes and her daughter will leave for Fort Leavenworth shortly to take up a home near the prison. Captain Henkes asked to be relieved from active duty in France or be assigned to some other work because he had many relatives and friends in the German army.

U. S. GUNS SHATTER HUN WORKS

Concentrated Fire from American Batteries Quickly Wipes Out Gas Shell Battery.

Eighty Americans in Hospitals Suffering of Gas Inhaled, and Six Succumbed.

(Associated Press Cable)

With the American Army in France, February 28.—Swift retribution has fallen upon the German batteries which this week bombarded American trenches northwest of Toul with gas shells. American heavy artillery concentrated its fire on the German minenwerfer batteries for a half hour today and obliterated the position.

Many direct hits with high explosive shells were made by the American gunners. Timbers were thrown high in the air and explosions probably of enemy ammunition and gas resulted.

The ground about the German batteries was churned upside-down and if there were any German soldiers there they were killed.

So far 6 men have died from the effects of the German gas shells. More than 80 are in hospitals.

Airplane photographs aided the American gunners in their destructive fire.

BIG BRITISH VESSEL SUNK

An Atlantic Port, March 1.—The British freighter Manhattan, of 8,004 tons was torpedoed and sunk while in convoy of warships and within hailing distance of an American merchantman it was learned today upon the arrival here of an American tanker.

FUEL ORDER IS DEFENDED

Washington, March 1.—The Fuel Administration's recent closing order was defended in the House today by Representative Rainey, of Illinois, who declared that when the "entire story is told there will be members of the House who would be glad to expunge from the records, speeches they made immediately after the coal order's promulgation."

"The entire story," he added, "cannot be told now. After the war is over it will be possible to give all the reasons for the coal order of January 17th."

VETERANS TO GET RATES

Washington, March 1.—Director General McAdoo has decided the confederate veterans shall have special rates and no interference of transportation this summer to their reunion at Tulsa, Oklahoma, and the Grand Army of the Republic shall have the same respect for its meeting at Portland, Oregon.

GERMANS ATTACK FRENCH LINES BUT FAIL WITH HEAVY LOSSES

Germany Tells Russia Hostilities Will Cease Only After Peace Treaty Is Signed.

Forces of Austria Are Said to Have Entered Ukraina in Invasion of Russia.

King of Rumania Must Abdicate Is Demand of Austrian Foreign Minister.

By Associated Press Dispatch.

On the French front last night the Germans, after a violent bombardment, made an attack on the Aisne front.

After a furious hand to hand struggle the Germans were thrown back with heavy losses.

The Russian peace delegates at Brest-Litovsk have been told that hostilities would cease only when the peace treaty is signed, according to a Russian official statement received in London.

Three days were allowed for the negotiations, beginning today, it added.

Although it has been stated several times that Austria-Hungary would not join Germany in the new invasion, a Berlin war office statement today says that troops of the Dual Monarchy have begun an advance into Ukraine. The peace terms submitted to King Ferdinand of Rumania, by Count Czernin included the King's abdication in favor of his brother, Prince William, or the taking of a referendum regarding his successor, according to a Berlin dispatch.

GEN. MARCH BACK HOME

An Atlantic Port, March 1.—Major General Peyton March, new chief of staff of the United States Army, arrived here today after 9 months abroad as chief of artillery of the American expeditionary forces.

Describing the American troops in France as so well trained in modern warfare as to be able to handle themselves "with entire credit to the United States," he said the censorship was "lamentable" and intimated he would advocate the regulations in this respect to be made less stringent.

HARD BLOW DEALT TO FRENCH POOR

Paris, February 17.—(Associated Press Correspondence)—The repudiation by the Bolshevik government of Russia's entire bonded debt caused some anxiety among French people who held at least half of the debt of the Empire outstanding at the beginning of the war.

Eighteen billions of francs of Russian bonds, at the price of issue, were listed on the Paris Bourse. Twelve billions, according to the lowest estimates and fifteen billions according to other calculations, were bought by the French people.

Servants in white aprons, bare-headed market women, domestics of all categories and men in the blouses of the peasant and the laborer made up the long lines of investors in front of the wickets whenever Russian loans were offered for sale.

"I haven't a sou invested in Russia," a millionaire Parisian said to The Associated Press, "but every one of my servants has one or more Russian bonds. Another millionaire, said the same was true of his household."

Until now the holders of Russian bonds have been reassured by the payment of the January coupons which the French treasury assumed. It doesn't appear yet, however, whether the French government will assume the burden indefinitely and if the bankruptcy of the revolution is allowed to become effective, the greater number of the smaller investors who have been financing the Russian Empire since 1888 will be ruined.

HUPP'S WIFE TO BE EXCUSED

Cleveland, O., March 1.—The jury of 12 men that will decide the fate of Elmer Hupp, wealthy oil operator on trial here charged with second degree murder for killing Chas. L. Joyce January 10th, was empaneled at noon today.

Attorneys for Hupp announced today that Mrs. Hupp will not be called as a witness to tell of her relations with Joyce, saying it was the request of Hupp that the decision was made not to call his wife. The first witness this afternoon was the Coroner.

ALL EFFORTS TO WIN WAR

New York, March 1.—Prominent Republicans were told today by Will H. Hays, chairman of the Republican National Committee, that all efforts must be centered upon the prosecution of the war.

He said that constructive criticism and suggestions be offered in the spirit of sincere assumption that the National Democratic administration wanted all the aid it could get from loyal Americans of all political faiths.

ALIEN TRIES TO END LIFE

Newark, O., March 1.—Henry Baker, 62 a German who has been in this country 15 years, cut his throat yesterday when he was notified to appear at the police station.

Some days ago when called in to register as an enemy alien he claimed to have been naturalized in St. Louis 15 years ago. Officials were notified he had never applied for papers. When called in last night he slashed his throat with a pen knife. He will recover.

ASKS \$25,000 FOR BABY GIRL

Cleveland, O., March 1.—The life of 21-months old Martha Eliza Gay, daughter of William Gay of Marion, Ohio, is worth \$25,000, according to a suit filed in common pleas court here today by Mrs. Wm. Gay against the Erie Railway Company, while injuries received by Mrs. Gay are worth \$50,000.

In both suits it is claimed the mother was wheeling the baby in a buggy across the Erie tracks when struck.

JAPANESE PROPOSAL STILL UP

President Wilson Is Considering Matter of Operations in Siberia and Early Decision Is Indicated.

Hertling Speech Takes Second Place While the Japanese Proposal Is Being Considered.

By Associated Press Dispatch.

Washington, March 1.—Japan's proposal for action in Siberia has crowded German Chancellor Von Hertling's speech into second place in the consideration of officials here, and there were indications today that decisions would soon show themselves in an international character to prevent the vast stores and control of the trans-Siberian railway from falling into the hands of the advancing Germans.

There is evidence that President Wilson is making no plans to reply to the German Chancellor for the present at least. Outward indications were that he was studying the question of American participation with the Japanese in Siberia, to the exclusion of other subjects.

SWIFT UNDER THE EYE OF GOVERNMENT

Washington, March 1.—Count Minotto, son-in-law of Lewis Swift, Chicago packer, detained as an enemy alien, today was ordered held for action by the Attorney General.

A review of the evidence made public by the Department of Labor says Minotto was "notoriously associated" with German officials as was his father, who, it also was disclosed, is under suspicion.

Minotto, the Department found, was closely associated with Count Luxemburg in South America.

WOULD STOP BOOZE-MAKING

Washington, March 1.—Signatures of nearly 6,000,000 women appeared on a petition presented to President Wilson today asking that production of malt liquors in the United States be stopped during the war so the food materials used may be diverted to food supplies.

UP SATURDAY

Washington, March 1.—The administration amendment to the draft law to bring in men as they reach the age of 21 was brought up in the Senate today as emergency legislation for immediate passage, but finally was put over until Saturday.

Without discussion the Senate passed another resolution authorizing the President to call into immediate military service skilled experts in industry or agriculture.

GERMAN ADVANCE AGAIN IS RENEWED

Teutons Slowing Up in Their Invasion of Russia, Is Claim of Petrograd Reports.

Bolshevik Government Plans Return to Petrograd. Jap Ambassador Conducts Negotiations.

By Associated Press Dispatch.

Although the American, British and French embassies have left Petrograd under the menace of the German advance, the Bolshevik government is reported as intending to return to its headquarters in that city after having temporarily left the capital.

Apparently the Japanese Ambassador is still in Petrograd, having postponed his departure, because of negotiations between him and the Russian government. Whether these negotiations have anything to do with the Japanese proposal for intervention in Siberia is not evident.

Meanwhile the current reports from Petrograd indicate a renewal of the German forward movement in Russia although at a more measured pace.

According to one account the Germans are reported in possession of Pskov, and are reported to be moving slowly to Luga, midway between Pskov and Petrograd.

They are also said to be advancing in other sectors in northern Russia.

MERCHANTMAN IS TORPEDOED

New York, March 1.—The British merchantman Tiberia of 4880 tons gross was sunk by a German submarine about February 27th, while bound for this port, according to information received in shipping circles today. The crew was rescued.

SAVE WHEAT EVERY DAY

Columbus, O., March 1.—(Associated Press Dispatch)—New rules of the food administration make almost every day a "wheat saving day," so far as public places are concerned.

They provide that "Victory" products shall be served every day. These products are bread and rolls which contain at least 20 percent of wheat flour substitutes, pies, cakes, pastries, etc., which contain at least 33 1-3 percent wheat flour substitutes.

BILL TO GIVE NEEDED POWER

Washington, March 1.—President Wilson would be empowered to commandeer timber or lumber needed for the army, navy or shipping board under a bill ordered favorably reported today by the Senate Military Committee.

Difficulty encountered by the shipping board in securing lumber and by the army and aviation service in getting spruce are the immediate situations which the bill is designed to remedy.

IRISH LEADER OPERATED UPON

London, March 1.—John Redmond, the Irish leader, was operated upon in London today. His condition is satisfactory.

CAN NOW ENTER COAST ARTILLERY

Fayette county men can now enter the Coast Artillery, providing they apply at the Local Board office without delay.

For months draftees have been anxious to get into this branch of the service, and until the present time it has not been open to voluntary enlistments since early in the war.

A limited number of men will be taken from Fayette county, and these should apply at the office of the local board without unnecessary delay if they expect to get into the Coast Artillery.

This is an important branch of the service and its work is already being felt in the present war.

A SHORT BUT STRONG STATEMENT

Women with backache, rheumatism pains sore muscles, stiff joints or other symptoms of kidney trouble should read this statement from Mrs. S. C. Small, Clayton, N. M.: "Foley Kidney Pills have done me more good than all other medicines." They strengthen weak kidneys and banish sleep-disturbing bladder ailments. Blackmer & Tanquary. Advt.

RAILROADS MAY UNITE TRackage

Experts have recommended that the tracks of the D. T. & I. Hocking Valley and B. & O. railroads in the Wellston-Jackson coal fields, be connected for a better distribution of coal.

It is expected that this recommendation will be acted upon in the near future, and that by uniting the three roads better service will be obtained in moving large quantities of coal, and that greater quantities may be routed over the D. T. & I. through this city.

FEW FAYETTE MEN HAVE BEEN MOVED

While thousands of selects from Camp Sherman have been transferred to other camps and some sent overseas during the past month, very few of the men have been from Fayette county, so far as known.

Practically every day the past month, Chillioteans have observed long trains of passenger coaches leave over one railroad or another.

Many guessed right that troop movements were being made, but censorship rules put the ban on the Press using these movements.

This was rightly done and strictly adhered to by the press, inasmuch as information along these lines might have wrought disaster to the trains carrying the men.

Many of the men were sent to Camp MacArthur, Waco, Texas; others to Camp Grant, Rockford, Ill.; others to Camp Lee, Va., Camp Hancock, Ga. Camp Joseph E. Johnston, Fla., and to various other camps in the south and east.

The transfer of troops has practically been completed, however. So far as is now known, but very few of the men remaining at the camp will be transferred at an early date.

VERY FEW MEN TO BE SENT FROM HERE

With the voluntary induction into the military service of a half score or more men of Class One, recently, Fayette's last contingent of her quota of 85 men for the national army is dwindling into very small numbers, until at the present time it is probably about five.

Each man who has been sent since the questionnaire plan was adopted has reduced the last contingent from this county by just that much.

It is expected the next quota will be called some time in April or May.

Y. M. C. A. PAPER ISSUED IN FRANCE REACHES THIS CITY

Miss Lula Rowan, of this city, is in receipt of a letter from her brother, Major R. E. Rowan, who with another brother, Frank, is now in France, enclosing a copy of a newspaper issued by the Illinois Division of the Y. M. C. A. for the men of 149th F. A.

It is "Le Systeme "D" D Illinois" and the issue received by Miss Rowan is the third one published. It is a two-page, or single sheet, paper, published with the aid of a multigraph, and has its various departments somewhat similar to, the Rainbow Reveille, published by the Rainbow division.

The motto of the publication is, "Get there—that's all" and it has a number of contributing editors.

The publication contains matters dealing exclusively with the soldiers, and the witticisms are sure cures for any cases of blues that might develop.

For instance, the department of "Our Tower of Talent," contains the following samples:

"Jim Flynn insists a 'cootie' by any other name, would be just as much a pest. Paragraph number twice—Wherein we unanimously agree with him."

Poetic fever threatens to become epidemic; "Izzy" Litchfield has it now.

WASHINGTON PLAYS GREENFIELD TONIGHT

The W. H. S. High School basketball team goes to Greenfield tonight to play the McClain High School team there.

Should Washington win, it will show they are the second best team in southern Ohio, as Greenfield and Hillsboro were the contestants in the final game of the tournament, held at Greenfield last week.

The trick of defeating Greenfield should not be difficult, as W. H. S. has won over them once.

INCOME TAX MAN TAKES DEPARTURE

Income Tax Agent Newell, who has spent the greater part of two months in this city, took his departure Friday afternoon, and believes that virtually all persons who come under the income tax provision took advantage of his presence to make inquiry into the returns they are to file before April 1st.

However, there are still some who failed to appear, and who may neglect the income tax until after the time set for filing returns, and thereby be subject to the heavy penalty provided in the law.

GILLILAN WOULD RENAME GERMANY

"Germany is invincible in nothing but prevarication," declares Strickland Gillilan, the great humorist, "and she ought to be called the 'outlying districts' for she can certainly outlie any other country," he explains.

In conclusion the humorist says: "Germany reminds me of the man who was such a liar that he had to get somebody else to call his hogs when he wanted to feed them."

YOUTHFUL PAIR CAUSES EXCITEMENT

By Associated Press Dispatch.

Columbus, O., March 1.—Thirteen years ago Patrolman Frank Davis was shot and killed by burglars whom he was trying to arrest at the residence of F. B. Chapman, in a fashionable residence section of Columbus.

That's why there was considerable excitement when an automatic burglar alarm called the police to the

Chapman residence again the other day. With drawn guns, the police surrounded the house and two of them entered to give combat, if necessary. The fate of Patrolman Davis was uppermost in their minds.

The burglars, Herbert Wilson, aged 12, and Monroe Langdon, aged 9, were found on the second floor. The loot taken from them by the police consisted of a doll baby and a pair of doll shoes. The children had gained entrance to the house by breaking a cellar window and in doing this had sounded an automatic burglar alarm. The boys were turned over to the juvenile authorities.

DANGEROUS PLACE OBEY WATCHMAN

A number of near accidents have occurred on the West Court street crossing recently, because automobile drivers have failed to observe the signals of the watchman stationed at that point, and have nearly been run down by trains.

There are four tracks across the street, three of them main tracks, and because of the dangers attending the crossing a watchman has long been stationed at that point, to watch the switches and warn the public.

It has been the custom with many auto drivers to dash across the tracks at fast speed and without regard to the warning of approaching trains.

Social and Personal

The Belgian Babies Benefit tea, held in the Bending room on the corner of Court and North streets, was the scene of much activity this afternoon and so pretty that it presented most attractive contrast to outside gloom.

The window displays drew the instant attention of the passing public. One window presented a picture symbolic of the protection the Red Cross affords to the unfortunate Belgian mothers, a Red Cross nurse, in immaculate uniform, stood guard over Belgian babies, represented by life-sized dolls, and wearing layettes made by the Mothers' Circle of this city. The opposite window showed an artistic display of carnations.

Within, all was gaiety with the members of the circle serving tea and war cakes at tables decked with flowers, while popular music entertained the women visiting over the tea cups.

The layettes, garments beautifully made in white, pale blue and pink, were displayed in a booth made of flags and the work fluently explained by Mrs. R. T. McClure and Mrs. Ralph Penn, of the Circle.

The flower booth, and arbor of autumn leaves was a big attraction, filled with potted plants of all kinds and cut flowers. The entire display on sale had been donated, with great liberality, by Mrs. Buck from the Buck Floral Gardens. Mrs. Buck is also sending a second donation Saturday.

A third booth, christened the Hoover booth, showed Hooverized delicacies very appetizing.

No admission was charged but the small sum asked for afternoon tea and the patronage of the booths will bring in a nice sum towards buying materials for the layettes. A large crowd is expected Saturday afternoon.

Thursday afternoon at five o'clock, Miss Hazel Patterson, daughter of Mrs. Harriet Patterson, was united in marriage to Mr. Wayne Elliott. Rev. William Boynton Gage performed the ceremony at the Presbyterian parsonage.

The only witnesses were the bride's sisters, Misses Clara and Arthelia Patterson.

The bride, who is petite and fair, looked exceedingly pretty in a tailored suit of navy blue serge, with blouse en suite, grey Spring hat, shoes and gloves to match. She is a girl of much sweetness and charm of manner, since graduating from the local

High School three years ago she has been a most efficient member in the sales corps of the Frank L. Stutson Co. ready to wear department.

The bridegroom is a sterling young farmer of the county and shares, with his bride in the best wishes of a host of friends.

Mr. and Mrs. Elliott left on the 5:43 B. & O. train for Wheeling, W. Va., where they will visit Mr. Elliott's brother, Mr. Hershell Elliott and family. Upon their return they will make their home with the bride's mother on the Patterson homestead east of town, which Mr. Elliott will operate.

Mr. and Mrs. Ed Coll delightedly entertained five tables of progressive euchre at their home on the Jeffersonville pike, Wednesday night.

Their handsome, modern home was most attractive with flags and flowers in pretty arrangement and hospitality rife.

At the close of a spirited game Mrs. R. F. Barnes received the ladies' prize for high score and Mr. Floyd Eichelbarger the men's in a cut with Mr. A. E. Henkle. The consolation prizes went to Mrs. Harry Rodecker and Mr. John Cannon.

A most delicious luncheon in which war time viands were featured, was served at the card tables. Each table was decorated with crystal candlesticks and pink tapers burning beneath pink shades.

Mrs. Coll was assisted by Mrs. A. W. Duff and Mrs. Floyd Eichelbarger.

Mr. and Mrs. A. W. Duff, Mr. and Mrs. Harry Rodecker, Mr. and Mrs. A. E. Henkle, motored out from here and there were guests from Jeffersonville, Milledgeville and the neighborhood.

Mrs. Mart G. Morris has been asked by the Woman's Branch of the Council of National Defense to be one of the State Speakers in the Educational propaganda soon to be launched in Ohio. As the speakers will be assigned to local districts and probably not called for state wide work, Mrs. Morris, who is exceptionally well qualified for the work will accept.

The Wesley Chapel Mite Society held a session of much interest and social pleasure at the home of Mrs. H. V. Rodgers, Wednesday afternoon. Forty women were present and spent the hours busily sewing on layettes for Belgian babies.

Mrs. F. G. Carpenter delighted the members with one of her original

readings and patriotic readings were given by Mrs. Glenn Rodgers and Mrs. O. S. Tobia.

A dainty collation was served by the hostesses Mesdames Rodgers, Ida Himmler, Frank Tilton, Ione Bryant, Fannie Nier, Ida Gillespie, Frank Conter.

Messrs O. E. Powell, J. Edmund Smith and Horace Ireland spent Thursday in Columbus attending the Automobile Show.

Misses Nellie DeWitt and Helen McKee, Cary Gidding and Otho Culbertson, of Milledgeville are attending the Basket Ball game and dance in Greenfield to night.

Miss Iris Thompson is home from Columbus spending the week end with her parents, Mr. and Mrs. Kerns Thompson.

Carl Chaffin, who is staying with his grand mother, Mrs. Martha Wilson, south of town, while attending school here, has been quite ill this week, but is showing slight improvement today.

Mr. and Mrs. Al Thornton are spending the day in Columbus.

Mr. and Mrs. E. J. Fultz, of Derby, were the guests of Mr. and Mrs. O. H. Robbins Thursday enroute from Washington, D. C., where they have been visiting their daughter, Mrs. Oliver Bibler (nee Hazel Fultz) whose husband holds a civil service position.

Mrs. Wm. Fogle and Mrs. Frank Reichert returned Thursday night from a visit of several days in Columbus.

Mr. S. F. Snider was able to be out Friday after an illness of several days threatened with pneumonia.

Mr. Martin Kaufman and family are moving from the farm known as the Myer's farm near New Holland, to the R. C. Hunt farm south of this city. Mr. Kaufman has operated the Myer's farm, which changed hands four years ago, for eleven years and is widely known as one of the most successful farmers and stock raisers of that vicinity.

Mr. and Mrs. Earl Hughes returned Thursday evening from a ten days visit with friends in Dayton.

Mr. and Mrs. O. B. Patterson expect to move next week to the John Stookey farm near New Holland where Mr. Patterson will engage in farming the coming year.

Messrs Elmer and Troy Junk and Fred M. Mark were visitors at the Columbus Auto Show Thursday.

Mr. J. E. Bridwell, who has been farming in Paint township, is moving with his family to Urbana.

Mr. and Mrs. Ernest McLean are moving from near Bloomingburg to a farm near Urbana. Mrs. J. G. Loughlin, of Bloomingburg, was their guest for a few days before they left.

Mrs. D. H. Rowe spent Thursday in Columbus with Dr. Dowe's mother, Mrs. Sarah N. Rowe, who is quite ill.

Mr. and Mrs. P. F. Ortmann attended the Columbus Auto Show Thursday.

Mr. Austin F. Hopkins is in Columbus today on business and to attend the Auto Show.

Messrs Elton Marine, George Worrell and J. H. Anderson motored to Columbus for the Auto Show, Thursday.

Messrs W. A. Tharp, D. H. Barchet and Robert Rodgers were visitors at the Columbus Auto Show, Thursday.

"Mr. T. T. Beatty and daughter, Miss Marie Beatty of Washington C. H. have purchased the country place on Big Walnut, at the end of Livingston Avenue, formerly occupied by Miss Margaret Taylor and will make their home there. Mr. Beatty is the father of Dr. Hugh C. Beatty."—Ohio State Journal.

Mr. Beatty and daughter have been life long residents of this county, and their removal to their new home, Wednesday, is attended with much regret.

LOBERT SPEEDY

JOHN LOBERT

John Lobert, who will coach the West Point baseball team this year, still retains the speed which made him famous in the National League. In a novelty race held at Oriental Park racetrack in Havana, Lobert pitted his speed against two race-horses, two automobiles and two motorcycles. Under the conditions of the race Lobert had to cover 535 yards, the horses three-quarters of a mile, the autos seven-eighths of a mile, and the motorcycles one mile and a sixteenth. Lobert, running in rare form, captured the event, beating one of the motorcycles over the tape by the margin of one foot.

Miss Helen Baker is the weekend guest of Miss Lelia Culbertson at Milledgeville.

Mrs. E. Culbertson of Milledgeville went to Springfield Friday for a short visit with her mother, Mrs. Sallie Carpenter.

LEESBURG CITIZEN ADDS A NEW MAN

The Leesburg Citizen, one of the newest small town papers published in Ohio, announces a change in ownership, W. B. Kent, present proprietor having sold a half interest to H. G. McVey, who will be associated with Mr. Kent in the management of The Citizen.

During the past few years the Citizen has made rapid headway until at the present time it is an ideal small town newspaper such as rarely found in a town under several thousand inhabitants.

THE ORIGINATION OF CAMOUFLAGE

(Associated Press Cable)
Paris, February 16.—"Camouflage," or the art of making a soldier look like a tree, a battery of artillery look like a clump of bushes, an army headquarters like a peaceable farm, and a village like a few acres of pasture land, is now said to have been originated by Commandant Kopenhagen of the French army. Experiments were made in October, 1912, at the Camp of Avord, the object then in view being to render a troop of infantry invisible to observers in airplanes.

The success then achieved did not establish the institution because the means employed were so cumbersome and expensive in execution. It was only after the first few months of the war that the painter's services were called into play and canvas and paint as well as underbrush became useful adjuncts of the army.

GERMAN LIES ARE PUBLISHED

By Associated Press Dispatch.

New York, March 1.—German newspapers, copies of which have been received here, have informed their readers New York City for its protection has girded itself with a barbed wire fence 625 miles in length.

To Germans also have been told that 50,000 soldiers are guarding the port of New York; that rigorous measures have been taken elsewhere and that Hoboken is deserted.

IRELAND PREPARES FOR RECORD CROPS

(Associated Press Correspondence)
Dublin, February 15.—Food production in Ireland this year is expected to exceed all records, according to the announcement of Sir Thomas Russell, of the Irish Department of Agriculture, who has made arrangements for the tilling in 1918 of 500,000 acres of land in addition to that under cultivation last year, when 750,000 more than in 1916 were planted. The increase this year will be compulsory.

The government has guaranteed the farmers against loss. Sir Thomas reported that there had been no serious difficulty in forcing the increase in planting last year and that only 1,064 farmers had refused to carry out the instructions of the government. Of these 800 had yielded, under pressure, and he stated that the farms of the remaining 264 would be operated by the Department of Agriculture.

There has been a considerable shortage of butter and its export has now been prohibited by the government. English buyers came over here and went into the country buying at a

higher price than the maximum and there was not enough left for the Irish market.

Ireland has begun to develop a margarine trade and factories have been set up in various places notably Cork and Waterford.

The general impression made on English visitors to the Dublin hotels, is that Ireland is better off for food than England and that the restrictions have had much less effect.

EDMOND SWANEY GOES TO THE PEN

Edmond Swaney, Sedalia man who has been in trouble a number of times and was recently arrested in Dayton after having burglarized the C. C. Hewitt store in Sedalia, is now in the penitentiary, having been taken to that institution this week after the

common pleas judge had sentenced him to that prison on a charge for which he had long been wanted. On October 9, 1917, Swaney, in connection with Theodore Thomas, was indicted in the Madison county court for stealing personal property belonging to C. E. Young, who was then on his way to this city, and who had stopped at a garage in Sedalia for automobile repairs. At that time Thomas paid a fine,

BUMS NOT WANTED ARE TOLD TO DIG

Washington is no place for bums. This has been definitely announced by Mayor V. J. Dahl, who no later than Friday morning ordered three bums to hit the trail for other climes and to do it instantly or else go to the workhouse.

Mayor Dahl believes that tramps are a nuisance at any time, and that during the present period when every man who can work is expected to be at it instead of loafing and begging, they should be dealt with promptly and unceremoniously.

Beggars, if reported promptly to the police, will be taken in charge in short order and inducted into the works or boosted out of the city without delay.

but Swaney jumped his bond and skipped out. On this latter charge he pleaded guilty, expecting to be sent to Mansfield, but the court saw otherwise and sentenced him to the Ohio penitentiary.

HAD OPEN WINTER IN FAR OFF FRANCE

A letter received in this city from Major Rell G. Allen states that the winter in France has been mild compared with the intense cold weather in this country, and that at no time has he used his overcoat, but has invariably worn his storm coat even on the coldest days.

At no time did the thermometer approach zero, and while the cold was severe at times, it was not at all unbearable.

One letter written by a Pickaway county soldier spoke of the mercury hovering 10 below zero at one time, indicating that he was a mighty poor guesser on the correct temperature.

MIDNIGHT ALARM AND A FALSE ONE

Shortly before the stroke of midnight, Thursday night, the fire going at the engine house suddenly pealed forth its alarm, and a few moments later the firemen had leaped into their clothing and while one answered the telephone another started the motor truck, after which announcement was made that the alarm was a false one, and it was not known how the connection for giving the alarm had been made at the telephone office.

BRINGS SUIT TO STOP MAUSOLEUM

Paul Harsha, in the Highland county common pleas court, has filed action against The Hillsboro Memorial Company asking that the company be enjoined from erecting a mausoleum in the Hillsboro cemetery, declaring that the nature of the structure renders it a menace to health, and that the maintenance fund provided is not sufficient to properly care for the mausoleum.

BABY MINE DRAWS PACKED HOUSES

"Baby Mine," the Goldwyn photo play presentation of Margaret Mayo's popular play packed the Colonial Theatre, Tuesday night and will undoubtedly play to record breaking houses tonight and Saturday.

"Baby Mine" has been one of the biggest laughing successes of the legitimate stage and is making just as big a success as a film drama. It is one of the cleverest plays imaginable, amusing entanglements following each other in quick succession and its right recognition as one of the funniest plays ever staged, well won.

Madge Kennedy, a piquant and irresistible star, carried off the young wife with amazing spontaneity and naturalness and was splendidly supported. Her astonishing episodes and the troubles of "Jimmie" in the role of rescuer and "baby kidnapper," kept the audience in constant uproar.

The pictures show the beautiful photography which marks the Goldwyn pictures.

GERMAN TROOPS AND DESERTERS CLASH

INEFFICIENCY NOT CHARGED

(By American Press)

Washington, March 1.—Major General Goethals, acting quartermaster general, in a memorandum to Secretary Baker, says it is desirable to remove the impression that any charge of general inefficiency was made against Captain A. E. Pereless, formerly attached to the conservation division of the quartermaster's corps, and who recently was honorably discharged after the division was reorganized.

Captain Pereless investigated the scrap contracts of the Base Sorting company of New York, which figured so prominently in the senate committee's war inquiry. Later the contracts were canceled and the work was taken over by the quartermaster's corps. Charges of senators that Captain Pereless' discharge resulted from his testimony before the senate committee previously had been denied by General Goethals.

PLAN TO ANNEX ALAND ISLANDS

(Associated Press Correspondence)

Stockholm, February 3.—Proposals for the annexation of the Aland Islands to Sweden continues a topic of discussion in political circles here. Councils of moderation seem to have the upper hand and even the pro-German newspapers generally insist that the Alands cannot be occupied

without the preliminary assent of Finland. "though it would be inconsistent," says the Dagblad for the Finns to refuse this if the islanders expressed a wish for reunion with Sweden."

It appears, however, that steps in this direction by Sweden would not be welcomed in Finland, and that even the Swedish section of the population of Finland opposed the cession of the islands.

CONDITIONS IN GERMANY

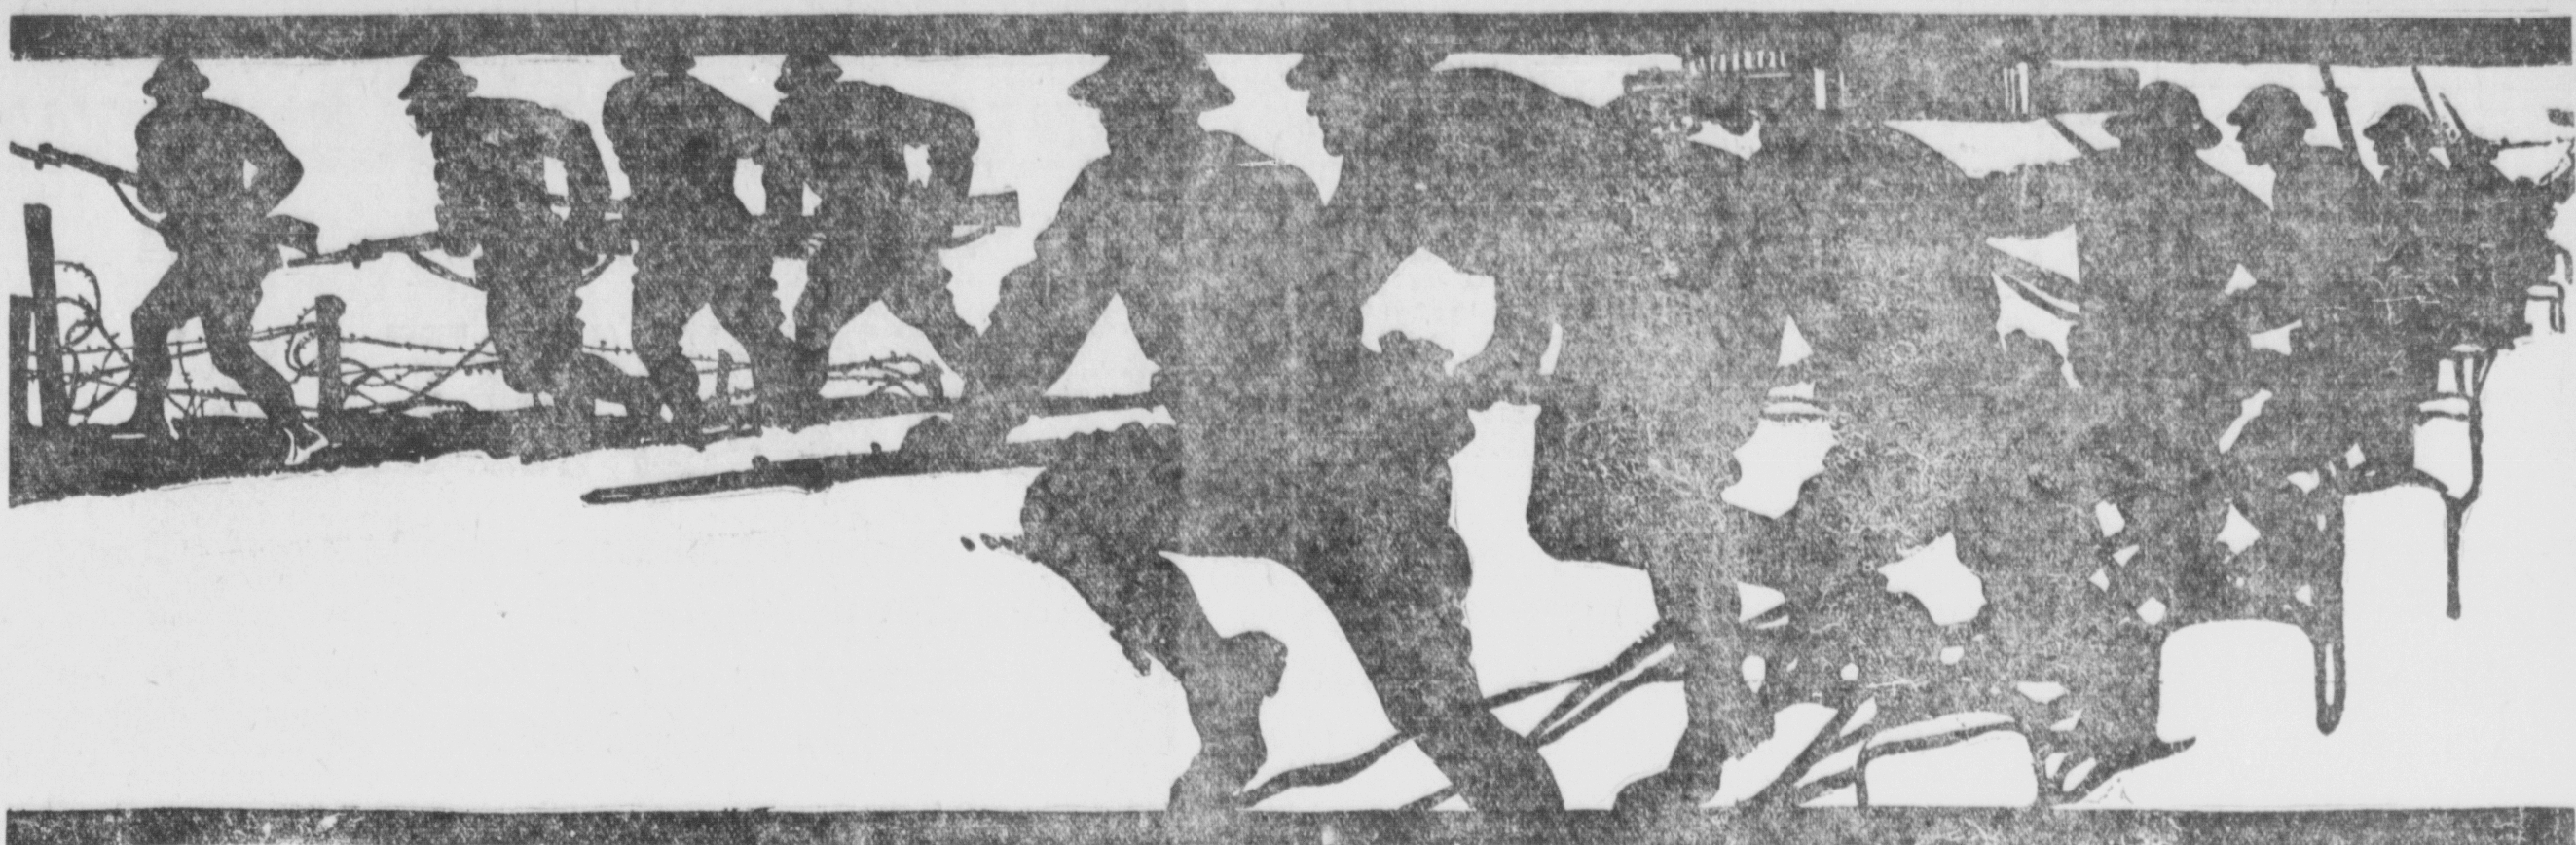

(By American Press)
New York, March 1.—The situation in Berlin as he left it over a month ago was discussed here by Dr. A. N. Davis, formerly of Piqua, O., the American dentist who lived in the German capital for 15 years and numbered Emperor William among his patients.

"The German press is carefully and adroitly continuing to foster the idea among the German people that America is not really in earnest about the war," said Mr. Davis. "Every effort is being made to belittle America, even the highest officials are attempting to convey the impression that Germany has little to fear from the United States. Not until Germany begins to feel the military pressure of the United States will the people realize the new conditions that confront them. Then, I predict, the fostered enmity toward England will be as nothing to the hatred that will be poured out by the inspired press against America."

Mr. Davis continued:
"The American business men who took advantage of the nine months' treaty between the United States and Germany to wind up business affairs as far as possible were kept under the closest surveillance by the police at all times and were not permitted to leave the city without special permits. The thing that has impressed me most since my return to America is the freedom we accord to German subjects over here. It seems to me as if no restrictions were placed upon them whatever. In Germany every time some new regulation was adopted regarding the Americans the excuse was given that the United States was treating Germans harshly and there must be some retaliation. And this, too, in the face of the fact that not since the war started has a single overt act been charged against an American in Germany, whereas here in the United States we have had to put up with all sorts of admitted crimes by German residents."

"The most privileged Americans must report to the Berlin police twice weekly and have their papers stamped. These papers show just what the bearer of them is permitted to do, what hours he must keep, and where he is permitted to go. There are not half a dozen Americans in Berlin who are not anxious to get home. Many of them are having trouble to get permission."

"The story that I traveled on a special pass signed by the kaiser is wrong. I had the same police authority granted to every other Amer-

THIS war is a test of a democratic Government. It is also a trial of democracy as to its fitness to survive. A small group of autocrats within whose hands are the resources of Central Europe are attacking the principle of the right of people to govern themselves. Should the United States and its allies fail in this war there will not remain on earth a people absolutely independent of the dictation of the Teutonic empires, organized for military efficiency and bent on using that efficiency for the purpose of forcing their will upon the world. Let the Teutons triumph and the world will not be a safe place for democracy, and to make it such a safe place, is not only the expressed purpose of the United States in taking up the challenge of the Huns, but also the purpose of the other powers who took up the challenge when Germany sent it forth three years and a half ago, and who for three years and a half have borne the burden of the conflict.

For this reason the PRESENT BUSINESS OF THE UNITED STATES IS WAR—war to exterminate organized unrighteousness and to establish peace among the nations of the world.

The Government has perfected a plan which will enable all of our people without exception, to take a definite part in winning the war.

One of the first great steps called for by the Government is—SAVING. The American people must cease to require all of the pleasant and comfortable luxuries which they consumed before the war, the production of which calls for the energy of millions of men and women. These men and women must devote themselves to the production of the things which are needed to win the war. This is the key to the present situation; it rests in the hands of the average man, woman and child in every state in the Union, by refraining from everything not absolutely necessary to health, and efficiency, to release strong arms for the production of materials of war to support our army and navy.

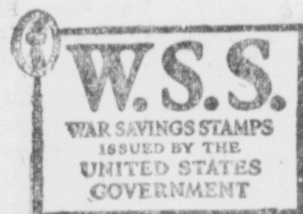

Idle dollars are SLACKER dollars, but dollars spent for unnecessary articles, the production of which require labor and materials which the government needs to save the lives of our fighting men, are TRAITOR dollars.

ican who has left within the last few months."

Dr. Davis said a German offensive in the west had been freely talked about in Berlin since November.

"Many people have suggested to me that if Germany really intended an offensive, she would not be talking about it so much," he explained. "That is a wrong theory. We heard about the Italian offensive for months before it began."

"The food supply is critical in Berlin and Hamburg, but in the less congested districts all reports say there is comparatively plenty. The difficulties are in many cases those of transportation. On some of the big German farms, where Russian prisoners are employed, these prisoners are being fed upon three quarters of milk a day, among other things. Yet there are children dying in Berlin for want of a little milk."

RED CROSS ACTIVITIES

Human Knitting Machine

Mrs. Matte Fay of Sacramento, Cal., has earned the title of "the human knitting machine" by knitting 33 sweaters for relatives and friends in Uncle Sam's service.

For a period of three days Mrs. Fay made a sweater a day, the last one in exactly eleven and a half hours. Mrs. Fay was the war bride in 1861 of Lt. Wm. F. Fay, 13th Massachusetts volunteers. She served with her husband at the battle front and nursed him when he was injured at Antietam.

Later when stationed at Fortress Monroe, Virginia she had the honor of pulling the lanyard which fired the shot announcing Lee's surrender to Grant.

\$9,000 Netted for Garden Party
"The Millionaires' Play Ground" isn't a bad place for raising Red Cross funds. A garden party held as a Red Cross benefit at the Country Club of Palm Beach, Florida, last week, netted over \$9,000 for the cause.

One Sweater Story Nailed
Columbus (Ind.) chapter recently did a thorough bit of investigation of a statement made by a soldier who stated that he had five Red Cross sweaters. At the request of the chapter, Lieut. Col. J. B. Gowan, chief of staff at Camp Shelby, looked the matter up and reported as follows to the chapter: "In reference to the soldier named ———, I have before me now a statement signed by this soldier which reads as follows: 'While visiting Mrs. ——— of Columbus, Ind., I told her I had in my possession five Red Cross sweaters and I only had one.'"

CITIZENS READY FOR COMING DRIVE

Inquiries coming from various parts of the county indicate that the response to the thrift and war savings stamp drive Tuesday of next week will be very gratifying, and that there will be very few citizens who will fail to loan some of their money to their government in order to whip the Huns, to a fare-you-well.

Inquiries show that a great many boys and girls have caught the real spirit of patriotism, sometimes in advance of their parents, and are planning to convert their savings into thrift and war savings stamps.

Anyone with 25 cents, can start saving to help Uncle Sam, and will receive 4 per cent, compounded, on their investment.

MASQUERADE

The women of the Relief Corps will entertain the ladies and children of the city with a Masquerade, Tuesday evening, March 5th, at Memorial Hall. A prize will be awarded the best costumed lady and child. Music and refreshments. Admission 10c. 50 14

PROFITS ABSORBED BY HIGH PRICES

(Associated Press Correspondence)
Amsterdam, February 15.—The official information that the receipts of the German railways have increased by \$115,000,000 since the war might lead people to suppose that the railways had benefited by the war. The official reports, however, show that this is not the case.

In consequence of the advances in wages and in the cost of all materials, the profits have not only been fully absorbed, but there is an actual deficit which is likely to increase.

TESTED RECIPES FOR WAR TIMES

(More recipes are wanted from the women of Washington and Fayette county. Bring or mail recipes to The Herald. Recipes may be either original or otherwise and should include some feature of saving for war time. No names published with recipes. Editor.)

Corn Meal and Raisin Gems

Mix one cup of corn meal with one tablespoon of sugar; add one teaspoon salt; two tablespoons butter substitute melted; 1½ cups hot milk; cool; add half cup of flour sifted with four teaspoons baking powder, and one well beaten egg; ½ cup seeded raisins; mix well and bake in gem pans twenty minutes in moderate oven.

Corn Meal Giddle Cakes

Put two cups corn meal in mixing bowl; add ½ teaspoon salt; pour over corn meal two cups boiling water, stir until mixture becomes smooth, let stand until cold, then add two tablespoons of molasses, six level teaspoons baking powder, and a quarter cup of cold water; mix well, spread with a spoon on a well greased griddle and fry a golden brown. Serve with hot syrup.

Potato Chowder.

6 medium sized potatoes, cut in small cubes; 1-4 lb. salt pork, diced; 1 T. onion, chopped; 1 T. fat; 1 pt. milk; 1 pt. water; 1 t. salt; 1 T. flour.

Cook the pork and onions together until a delicate brown. Add this mixture and the water to the potatoes. Cook until potatoes are tender but not mashed. Make a white sauce of the fat, flour and milk and add it to the potatoes. Serve hot.

Mock Cutlets.

3 c. chopped meat; salt; meat stock or milk; 3 c. cold boiled rice; pepper; 1 small onion, chopped.

Mix all together. Shape like cutlets, roll in egg and crumbs and fry in deep fat.

Rice and Apricot Pudding.

1 c. rice; 1 t. salt; 3 1-2 c. boiling water; 2 T. fat; 1-2 lb. dried apricots; 1-2 c. sugar.

Wash apricots and soak over night in sufficient cold water to cover them. Cook in same water in double boiler until soft and add sugar. Let them stand some time in the sweetened juice. Put a layer of cooked rice in buttered baking dish, then add layer of apricots. Repeat until dish is full, having rice on top. Dot with fat. Reserve 1 cup of juice for sauce. Pour remaining juice on pudding until it may be seen through top layer, using a little water if necessary. Bake about 15 minutes in a moderate oven. Serve with a sauce made of apricot juice.

NEW TREATMENT FOR RHEUMATISM CONTAINS RADIUM

Great Rheumatic Curative Property is Now Offered Public and May Be Taken at Home.

Radium for rheumatism at a price within reach of all. That's the news which is causing a furor of discussion among those who have been enduring the aches, pains and twinges of this dreaded complaint.

Heretofore radium treatments have been enormously expensive. Either the sufferer had to journey to some hot springs to drink the water containing the radium emanations, or visit an institution known as a

“Emanatorium” where the radium treatment was taken by inhaling the gas—or emanations—given off from a quantity of pure radium.

But now science has learned how to imprison these radium emanations in tablet form so that they may be taken at home with meals and the user put to no inconvenience whatever. Despite the enormous first cost of pure radium, however, these tablets, each producing four mace units of genuine radium emanation, has been placed on the market at a price no greater than that asked for ordinary remedies.

The new treatment is controlled exclusively by the manufacturers of Tanlac, the most widely known general system tonic in America. The radium tablets contain other useful ingredients and an efficacious medication for external application goes with the package which is being introduced under the name of Tanlac Rheumatism Treatment.

If you are bothered with rheumatism go get Tanlac Rheumatism Treatment and get a real medicine for this complaint. The manufacturers cannot guarantee that it will cure you, but they do guarantee that if you are not satisfied with the results obtained you will get your money back without question.

Buy it at any good drug store where you buy Tanlac, the famous tonic. Advt.
